NOTA BREVE

CORRECTION

SIMON LAËGAARD

In the paper *Muhlenbergia cleefii* sp.nov., a new grass from the high Andes of Colombia, Caldasia 17(82-85): 409-412. 1995, an orthographic error was unfortunately introduced and the epithet was spelled "*cleefi*" (except at one place in the general text).

An incorrect Latin termination does not invalidate a published name according to the International Code of Botanical Nomenclature art. 32.5 but can be corrected for future use according to art. 73. It is suggested that in future use the originally intended spelling be retained.
